

# The Gorman-Rupp Company Environmental Policy

*Gorman-Rupp promotes environmental awareness and stewardship through use of best management practices, technological advances and employee awareness and strives for continuous improvement through our environmental management system.*

*It is our policy to meet or exceed all applicable environmental legislation and other requirements as they relate to the company.*

*We are committed to investigating alternative options for the reduction, reuse and/or recycling of materials thus reducing the amount of waste and pollution generated.*

*Gorman-Rupp is committed to minimizing the impact of the company's activities in environmental issues therefore preserving natural resources and reducing pollution for current and future generations.*
